RESOLUTION NO. 597-2012 ADOPTED

The Supervisor opened the meeting for comments on the agenda items.

Tom Nimick, New City

He had questions about the salary schedule (Item #2A). He asked about an employment agreement (Item #5), about services provided by Sylvia Welch, (Item #6) and what payments have been made in 2012 and what was the selection process regarding Mr. Savino (Item #8).

Fred Rogish, New City

He asked about Police Rules and Regulations (Item #10) and spoke about problems with lack of signage in the T turnaround on his street.

Amy Durbin, New City

She asked for clarification about retaining an outside law firm (Item #7).

Marge Hook, New City

She asked for clarification on bid awards, agreement regarding Congers Lake Trailway, Special Town Board meeting and public hearing and fund authorizations (Item #s 13, 14, 17, 18 & 21).

Frank Grandel, New City

He asked for clarification on the police firing range agreement (Item #9) and spoke about Congers walkway (Item #s 13, 14 & 21); he feels this is reckless spending. Asked for clarification on rebidding the Central Nyack Drainage project (Item#22).

Michael Hull, Bardonia

He questioned the hiring of Mr. Savino (Item #8).

Regarding the salary schedule, Supervisor Gromack explained the increases and stated it will be put up on the internet. Regarding #5, Employment Agreement, this is regarding a long term employee who is not a part of any bargaining unit. Item #6, Sylvia Welch is our grant writer who over the last 8 years helped us attract over 31 million dollars in grants. The Town Attorney stated Item #7, Wilson, Elser, etal, is a retainer to provide some occasional legal research. Regarding Item #8, Supervisor Gromack stated that Mr. Savino has done work of high caliber and has served the Town well. Item # 9, Firing Range agreement, is done at no cost to the Town. The Town Attorney explained that Item # 9, Police Rules and Regulations, has nothing to do with signage and vehicle & traffic laws. Regarding Item #13 Congers Walkway, the Supervisor stated we hope to be receiving some local, State and Federal funding and the rest will be bonded. Item #14 deals with the engineers certifying the work on the Congers Walkway that has been done. Item #17, Special Town Board Meeting, is scheduled due to matters that cannot wait until February 5th meeting, one being the potential acquisition by eminent domain of a small portion of a lot to move a sewer pump station. The Town Attorney explained that Item #18 also deals with this same matter. Item #21 is a bonding for the Congers walkway. For the record, he submitted a statement he received from Maryanne Brancatelli which states she feels these funds could be used for a truck traffic situation in the neighborhood of Doscher Avenue. Regarding Item 22, rebidding the Central Nyack drainage project, the Town felt we could rebid and bring down the price. We anticipate this price will come down approx 1 million dollars. Co. Borelli and Co. Hoehmann addressed Mr. Hull's statements about Mr. Savino. They stated that he has demonstrated that his is more than up to the task and is getting the workload done at lower cost. Co. Hauser stated that Mr. Savino has proven himself and has done a good job in this area.

The Supervisor opened the Town Board Meeting for general public comments.

Tom Nimick, New City

He asked if anyone wanted to comment on the Board giving themselves a 2% raise. He also questioned the need for security improvements in this building.

Fred Rogish New City

Voiced concerns about an alleged illegal apartment on Tall Oaks Drive.

Marge Hook, New City

Voiced some concerns about Town Board liaisons with various Town departments. Also inquired about the extra money paid to the new fleet manager if the courts decide against this position; would he have to give it all back?

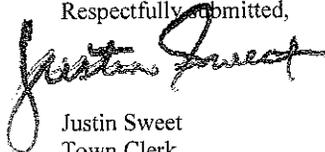

Frank Grandel, New City

Spoke against the amount of money being bonded by the Town and he asked for clarification on Item 21b.

Regarding security improvements in this building the Supervisor outlined some planned improvements including employee notification systems, additional cameras and improved lock systems. Police Chief Sullivan explained after a review they are not satisfied with the security in Town Hall and would like to bring it up to modern industry standards. Regarding alleged illegal apartment on Tall Oaks, Code Enforcer Epstein stated that the referred to resident is being prosecuted in Justice Court and is entitled to due process; this is not the appropriate forum to discuss this. Regarding Town Board liaisons, the Supervisor explained how that interaction works. As far as the fleet manager lawsuit, if that position goes away, that individual would not have to reimburse the Town as they did the work, but they may fall back in salary. Regarding Item 21b, money for vehicles & equipment, this is authorization for money for highway vehicles, minibus vehicles, office copiers, furniture, etc. This is just a number that is authorized so we can accommodate those needs if necessary; all of this may not be needed or used. As far as bonding indebtedness, these are the best of times to get the best rates and the lowest rates on Town projects. Co. Hoehmann stated that all of the Board members are concerned about the financial health of our Town and County. He hears from many residents that the Congers walkway is an investment in our Town as is the Central Nyack Drainage project. Co. Borelli stated that he has not taken a raise, and will return this year's raise. Town Clerk Justin Sweet suggested taking a look at having a School Resource Officer at every school.

Supervisor Gromack wished everyone a Happy Holiday Season and a Happy New Year. On motion of Co. Hausner, seconded by Co. Hoehmann, the Town Board Meeting was closed, time: 1:51 pm.

Respectfully submitted,

Justin Sweet

Proposed Local Law Entitled: "A Local Law Amending Chapter 290 (Zoning) of the Local Laws with Respect to a Text Amendment in the LO Zone

The Town Clerk read the notice of public hearing. On motion of Co. Lasker seconded by Co. Hausner the public hearing was opened.

Town Planner Joe Simoes gave a synopsis of the Planning Board recommendation. The Planning Board does hereby make the following findings:

- (a) The amendment is consistent with the aims and principles embodied in Chapter 290, specifically Section 290-2 in which the legislative intent of Section 290 is stated as being "...to promote and protect the public health, safety and general welfare; to guide and regulate the orderly growth, development and redevelopment of the Town of Clarkstown based on a comprehensive plan..." The Town's Comprehensive Plan calls for the development of zoning and building regulations that reduce or restrict odors, sounds, commercial traffic, light pollution and other negative environmental impacts, as well as the creation of zoning which expands development flexibility while maintaining and enhancing the existing character of the Town's neighborhoods. The LO zone does this by both allowing new commercial opportunities at warehouse sites and protecting the surrounding area by restricting traffic to higher capacity roadways.
- (b) One parcel in the Town will be directly affected by this text amendment. Specifically tax lot 64.07-1-10, which is currently owned by Cambridge University Press, and is developed and situated on a major roadway. The text amendment will result in the closure of Brookhill Drive to all traffic at this site.

Two other parcels, tax lots 63.15-1-44 and 59.15-1-1, currently have the acreage and zoning to support specific LO uses qualifying for shipping and receiving without time restrictions, but are undeveloped and do not currently have access to major roadways.
- (c) There do not appear to be any indirect implications of making this change on other regulations at this time.

The Planning Board does hereby recommend in favor of the proposed text amendment of Chapter 290 to permit shipping and receiving without time restrictions within the Laboratory Office (LO) zoning district, provided that this activity be limited to major, secondary and collector roads. The Planning Board questions, however, whether a new special permit and modified site plan will have to be issued for Cambridge University Press given that their current special permit restricts truck traffic to daylight hours and the map note on the site plan restricts truck traffic on the site plan from 7am to 7pm and shows access to Brookhill Drive as open.

As directed by the Town Board, I have prepared the State Environmental Quality Review Act (SEQRA) materials for the LO Zoning District text amendment. It is my opinion that the enactment of this legislation is an Unlisted Action (as this does not change the allowable uses in the zoning district) and that it will not have the potential to adversely affect the environment. All the reasons for supporting this determination can be found in the DEQR review but he pointed out that this text amendment will not increase development above the current LO zoning regulations. Additionally, the expanded shipping and receiving hours will be during evening and overnight when current traffic on the roadways is at its least.

Town Attorney Mele addressed some issues of timing and existing rights. The applicant had approached the Town about the possibility of added shipping hours and the comments that were received were that the Town Board was not likely to consider any change to the special permit requirement unless there was some demonstrable benefit to the neighborhood. With the connection of Center Rock Road the thought was if the access point from Brookhill Drive was permanently closed to all traffic and all that traffic through the neighborhood was eliminated that the residents might embrace this. As far as the timing when we get an application we refer it out at a regularly scheduled Board meeting. There is a 30 day comment period for the County and it just happened that this particular public hearing fell on this end of the year meeting. Because the Town Board felt that this would be something that could positively impact the community, we took the extra step that we weren't required to do and in addition to the notice sent to you by the applicant we sent out our own explanatory letter to explain what was happening and invite questions to be directed to Mr. Simoes. The Planning Board reviewed it at its regularly scheduled evening meeting on the 12th. This public hearing just fell on this date by virtue of timing and the next opportunity for a regularly scheduled board meeting wasn't until sometime in February. There have also been a few questions about just closing off that access and not giving the expanded hours and the answer is that just as a resident has a right to the existing layout of their home, where their driveway is, etc., we can't unilaterally turn around and change that, it can become a nonconforming use but you could continue that use. There is no mechanism for just unilaterally coming in and changing an already approved site plan which has this mode of egress there. Finally, regarding the County comments, we referred this matter to Rockland County Planning and they responded in a letter dated December 18. Comment #1 recommended that the Town monitor the LO sites adjacent to residential areas to insure that the trucks do not traverse on the local roads and we certainly will monitor this site to insure compliance. Comment #2 asked if there were there any other LO locations that abut another municipality with access from that municipality and requested clarification as to what criteria would be used to determine the type of roads since different towns may define their roads differently. Our response was that the only site was Pfizer. Access could be obtained from Middletown Road in Orangetown which is a County road classified as a major roadway and Clarkstown observed the same function within the area of the Pfizer property in Orangetown. Any road leading to the Clarkstown portion of Pfizer from Orangetown would be private and wouldn't affect local roads in Orangetown irrespective of how they are classified. Comment #s 3, 4 and 5 were just pointing out typographical errors which have been corrected in this latest version of the local law.

Antoinette Butler, adjacent property owner

She submitted a petition to the Town Clerk. She stated there would be more of her neighbors at this meeting had it not been at 12 noon the week before Christmas. She feels that Brookhill Drive should have been closed to truck traffic as soon as Center Rock Road access became available. She is opposed to this amendment due to noise at night and she is concerned about compliance by the truck drivers.

Jim Finn, West Nyack

He was initially in favor of this but now wondered if it is a worthwhile trade off for the residents. Expressed concern about noise and crime increasing. Suggested the Board listen to the families living nearby.

Frank Casterelli, Brookhill Drive

He is against this 24 hour operation due to the noise problems.

Ira Emanuel, Attorney for the Applicant

He stated that 24 hour truck access would only be if Brookhill Drive is closed and all trucks and employee cars would be using Center Rock Road. He stated this is a trade off but believes it will be worth it to continue to provide additional revenue to the tax base and create employment opportunities. They can already operate 24/7; this just gives them the ability for some deliveries late at night or early in the morning. This is not a truck terminal. Without this amendment, this refrigeration company may go to New Jersey.

In response to an audience member's suggestion of more plantings behind the building, Co. Hochmann said some additional screening around the loading docks could help deflect noise and the Wolf Landing site should be cleared up too. He understands there will not be a lot of truck traffic, but by closing Brookhill there will be no more mingling with people from the building.

Ed Lettre, Chairman ALC

If this board deems this appropriate, he recommends this applicant should have to return to Planning Board and the ALC to review many of the issues brought up here tonight.

Renata Alinger, Spruce Lane

Spoke against this amendment due to 24/7 noise and employees walking through her neighborhood.

Garrett Goodwin, lives nearby

He complained about a typographical error on posted notices.

The Town Attorney stated that the notice to the newspaper, notices to all of the residents and the notice on the website were all correct.

Tom Nimick, New City

He complained about members of the Board talking amongst themselves in a public meeting.

Gerald Henyoe, nearby resident

He is opposed to this amendment but if it goes through he would like to see plantings for sound barriers. If this road is going to be closed it should be permanently closed, not closed with a gate.

Meagan Washington, nearby resident

She is opposed to this amendment due to noise problems.

Supervisor Gromack stated that the purpose of these public meetings and Planning Board meetings are to get people's input. We have heard concerns raised and we will continue the process to get them addressed and to see if we can bridge some agreement. Therefore we will take no action tonight.

There being no one further wishing to be heard on motion of Co. Hoehmann seconded by Co. Borelli the public hearing was closed, decision reserved, time: 1:56 pm

Respectfully submitted,

Justin Sweet
Town Clerk
