

Introducing the new
Clarkstown Highway Department Beautification Unit

This year the Clarkstown Highway Department is proud to introduce our new litter trailer, which will be of assistance to organizations during their community cleanups. It is offered free of charge, and is stocked with everything needed for a successful cleanup event – from bags and litter grabbers to graffiti remover and hip boots!

The trailer is available for cleanup and beautification projects on publicly owned property, which includes any Town, County or State owned land.

To request the trailer for your cleanup event, please contact
the Clarkstown Highway Department at
(845) 623-7500 or highway@town.clarkstown.ny.us

Thank you,
Wayne T. Ballard
Superintendent of Highways
